OF FINE LAND NEAR YUMA

Value, Ayla, March 19.—About as important as the opening of the Laguna trigation project locally has been the amouncement of the approaching governmental reciamation of 60.000 acres of the mess below Yuma. The land in of the fivest quality and especially favored in that the section is practically frostlers, making it peculiarly well displied to the growth of clirus fruits and early veyetables. Much of it already is held by homestcaders, who will sectre large benefit from the approaching trigation. Several tracts have been held by the state, which lately suctioned a part of its holdings. The prices brought were phenomenal, then compared with the \$1 an acre than compared with the \$1 an acre then compared with the \$1 an acre then compared with the \$1 an acre to 160 acres of desert land brought \$15,000; another quarter section was laken for \$19,656. though about half of this tract was covered by a rock outcropping. The general run of the land in less favored localities sold for from \$17,50 to \$50 an acre.
